

## Meeting with Designer (Libby) Notes

Lily Greenwald

11/28/2018

- history page– don't need Rothko there too (use historical images of/relating to the building)
- scalability
- header: size down height and text (takes up too much space on the page)
- try to fix blurriness of images in artwork page
- sources: white box smaller
- make link to official site a separate window if possible

Mobile:

- break apart image in artworks to all stack
- fix Rothko for scalability and switch image and text paragraph
- scale images with text
- history: MoMA pic > text > more photos
